Lutron Caséta Wireless
Control your lights, shades, and temperature from anywhere

Control from anywhere

- Turn lights on from your car
- Adjust temperature from your office
- Turn off lights and close shades from your bed
- Schedule lights, shades, and temperature to automatically adjust at set times of day

Set up is easy

- Ideal for existing or new homes
- No new wiring required
- Watch the installation videos on www.CasetaWireless.com

NEW! Works with Apple Watch™

Lutron App
Wireless Thermostat
Smart Bridge
Motorized shade
Remote control
In-wall light dimmer
Plug-in lamp dimmer
Welcome to Caséta Wireless

Caséta Wireless provides all of these, at the touch of a button.

Whether you want your lights on, off, or somewhere in between, your shades raised or lowered, or your temperature set back a few degrees, you can count on Caséta Wireless to deliver what you need.

Caséta Wireless also uses Lutron’s Clear Connect® wireless technology, for reliable operation.

Once you try Caséta Wireless, you’ll wonder how you ever lived without it.

Turn lights on as you arrive home

Adjust temperature from your office

Turn lights off and close shades from your bedside
Turn entryway and outdoor lights on from the security of your car.

Forgot to set your thermostat back? Lower it from work, to save energy during the day. Then raise it before you leave, for a comfortable welcome home.

No need to get out of bed. Simply turn the lights off and close shades from your bedside and drift into sleep.
In-wall dimmer

- Doesn’t require a neutral wire — ideal for retrofit or new construction
- No polarity for line or load wiring — mistake-proof wiring
- Works with compatible dimmable LEDs and CFLs (up to 150W), and incandescent and halogen bulbs (up to 600W)
- Use Pico® remotes for additional switches in multi-location applications

In-wall dimmer PRO

- Works with approved dimmable LEDs and CFLs (up to 250W), and incandescent and halogen bulbs (up to 1000W)
- Also works with MLV lighting (up to 1000 VA)
- Compatible with Lutron drivers and interfaces
- Neutral wire optional (required for MLV and drivers/interfaces)
- Use Pico remotes or existing toggle switches in multi-location applications
Caséta® Wireless works with energy-efficient, dimmable light bulbs

- UL Listed to dim over 500 different LED and CFL light bulbs. The list of compatible bulbs is available at www.CasetaWireless.com.
- Patent-pending technology ensures superior performance with dimmable LEDs and CFLs, as well as halogen and incandescent bulbs. You can even use different light bulb types with the same dimmer.
- Questions about LED control? The Lutron LED Center of Excellence is the industry resource for LED control: 1.877.DIM.LED8 or LEDS@lutron.com.

In-wall switch PRO

- Dual voltage — works in 120V and 277V applications
- Doesn’t require a neutral wire
- Minimum load cap included (for switching LED, CFL, and ELV loads)
- Use Pico remotes or existing toggle switches in multi-location applications

In-wall neutral switch

- Neutral wire required — provides higher capacity and 10W minimum load or 1 LED bulb
- Use Pico remotes or existing toggle switches in multi-location applications
Plug-in lamp dimmer

- Features two receptacles for simultaneous control of two lamps
- Simply plugs into a standard wall receptacle
- Works with dimmable LEDs and CFLs (up to 100W)
- Also works with halogen and incandescent bulbs (up to 300W)
Pico remote control

• Provides convenient remote control
• Add a light switch without having to wire anything
• Battery powered — features a 10-year battery life
• Use as a hand-held remote, clipped to a car visor, mounted to a tabletop pedestal, or mounted to a wall
• Works with Caséta® Wireless dimmers, switches, and wireless shades

4-button Pico® remote control PRO

Choose from three options
• Dimming control — same functionality (full on/off and raise/lower) as standard Pico, but in a 4-button aesthetic
• 2-group switch control — control two groups of lights independently from one another
• 3-scene control — create three different scenes, as well as turn all lights off

Note: light/shade and shade-only 4-button remotes also available.
Visit www.lutron.com/pico for information on model numbers and engraving options.
Apple® HomeKit technology provides an easy way to control your lights and shades via Siri®, from your iPhone®, iPad®, or iPod touch®.
Lutron App for smart devices

- Works with the Apple Watch™ for control right from your wrist
- Use the geofencing feature to automatically turn lights on as you arrive home/turn them off as you leave
- Receive notifications on your smart device if you’ve left the lights on when you leave home
- Use the Widget feature to set a scene without unlocking your phone
- Tell Siri® to turn your lights off and close your shades just before bed, or dim the lights for movie time

The App Store is a service mark of Apple Inc. Apple Watch is a trademark of Apple Inc. Google Play is a trademark of Google Inc.
Lutron motorized shades

- Battery-powered; batteries last 3–5 years
- Wireless, easy to install
- Cordless design
- Available in roller or insulating honeycomb styles
- Serena® shades compatible with Lutron Smart Bridge and Smart Bridge PRO
- Triathlon® shades and select styles of Sivoia® QS Wireless shades compatible with Smart Bridge PRO only
Lutron Wireless Thermostat

- Remotely control the temperature in your home from the Lutron App
- 7-day programmable schedule
- Large touchscreen display with backlight
- Precise comfort control of temperature and humidity

Note: The Lutron App is also compatible with the Nest Learning Thermostat and other select Honeywell® Wi-Fi programmable thermostats.
Smart home products & services

- Apple® HomeKit technology provides an easy way to control your lights and shades via Siri®, from your iPhone®, iPad®, or iPod touch®
- Expand your system beyond lights and shades, with temperature control. Check and adjust the temperature from anywhere using the Lutron App and Lutron Wireless Thermostat, Nest Learning Thermostat, and select Honeywell® Wi-Fi thermostats*
- Dim lights, lower shades, and start a movie with one button press on Logitech Harmony hub-based remote controls or the Harmony app
- Create If This Then That (IFTTT) recipes, such as lowering your shades if it’s sunny, or turning off lights if the Nest Learning Thermostat is set to Away mode
- Caséta Wireless works with XFINITY® Home. Control your lights from anywhere using the free XFINITY Home app.
  Note: Smart Bridge or Smart Bridge PRO required

Pro-level security integration

- Automatically turn off lights and close shades when arming the security system before leaving for the day
- Turn lights on and open shades when disarming the security system when arriving home or in the event of an alarm
  Note: Smart Bridge PRO required for pro-level security integration

Apple, Siri, iPhone, iPad, and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries.
## Pro-level A/V integration
