Description
The TMW family is a quality gasketed enclosure, completely dust and moisture resistant and suitable for a wide range of applications. Constructed of a fiberglass upper body and an acrylic diffuser, securely positioned in a permanent, poured-in place sealing gasket. The diffuser locked by retaining latches ensuring a secure tight seal.

Features
- One-piece housing construction
- Internal brass stud
- Integral molded latch retention pockets
- High impact acrylic/DR material diffuser composition; widest range of materials in the industry
- Continuous formed perimeter on diffuser
- Suitcase-style standard latch
- White polyethylene molded end plugs
- External brass studs and optional stainless steel brackets
- Continuous poured gasket
- Body remains rigid during handling and installation

Approvals and/or Listings
- UL and cUL recognized components
- NSF International
- IP65
- IP67

Applications
Food processing facilities, kitchens, parking garages, car washes, government facilities, schools, public areas and industrial facilities.

Ordering Information
Please call 877-257-5841 for price and delivery.

Notice
A.L.P. Lighting components, Inc, assumed no responsibility of these materials in any luminaries or applications.

Dimensions subject to change without notice.

The product is an OEM component kit requiring final assembly by a qualified OEM fixture manufacturer.
Gasketed Enclosures Accessories
For Wet and Damp Locations

4' TMW Series
Gasketed Enclosure Gear Tray Type

**Note:** Silicon sealant should be applied to internal threads when installed for wet locations.
